

Gutierrez Canales Engineering, PC

RECYCLING SERVICES

Aggregate Base Course • Demo Asphalt & Concrete
City/State Spec Base Course

1429 S. Arizona Ave., Yuma, AZ 85364
Recycle Plant Office: **(928) 783-0295**
GCE Home Office: **(928) 317-1401**

GCE's Recycle plant accepts concrete, and asphalt demolition which can be recycled to meet any gradation specified including MAG Specifications and Yuma County Specifications.

The plant is open from **6:00 am to 2:30 pm Monday-Friday**. Our recycle plant is also portable so it can be moved to any location to process material on-site.

We offer full service recycling services utilizing equipment such as pulverizers to break down over sized concrete and removal of rebar for processing in plant, excavators and loaders to move material to any specified location on site. **For pricing information call Louis Bustillos "Speedy" at (928) 261-7391.**

Aggregate base courses for new parking lots, roads, aprons, taxiways, and other flatwork.

GCE also offers a CAT RM-500 Stabilizer/Recycler, capable of on-site in place pulverization or soil stabilization to meet any need.
